—An exchange publishes the following touching and suggestive poetry: "How dear to our hearts is cash on subscription, when the generous subscriber presents it to view; but the man who don't pay—we refrain from description, for perhaps, gentle reader, it may be you."
—It was somewhat puzzling for the moment as to just how we were going to square up with the Oil City Blizzard for on this "dry" proposition, when Col. Bowen comes across with the reassuring declaration that "it's no real hardship, after you become accustomed to it."
—Logan Mealy, a young son of R. H. Mealy of Smoky Hill, killed a very queer looking snake one day last week. The snake was about twenty inches long and of the garter species. It had on each end of its body a well developed head and looked queer as it tried to crawl both ways.
—Committee No. 2 of the Presbyterian Aid Society will hold a market in the dining hall of the church Saturday evening next, at 7:30 o'clock. Besides the choice viands for the Sunday dinner, ice cream and cake, and white carnations for Mothers' Day, will be sold. Your patronage kindly solicited.
—The Donovan Oil & Gas Co. finished a good five-barrel producer on the Donovan farm, at Stewart run, last week, making the third paying well on the lease. Oil in paying quantities was found in both the Red Valley and salt sands and both were treated to heavy shots of high explosive.
—At a recent meeting of the Jenks township school board, Prof. W. N. Strawbridge was again unanimously chosen principal of the Marienville high school for a term of three years. The able Professor is very popular with people, patrons and pupils, having brought the school up to a high standard of efficiency.
—The Irvine Oil company, of which E. E. Norton of Titusville is one of the largest stockholders, has just completed another good well on its property near Tidoute. Mr. Norton bought the land for lumbering purposes. Oil operations were decided on and a number of fine producers have been drilled. The company is preparing to place a fine new pumping outfit, and expects to drill several more wells.
—The Civic Club of Tionesta has named Friday of this week as clean-up day, when it is hoped all property owners or tenants will get busy on the job of making a clean sweep of all rubbish and winter's accumulation of debris about the premises. Have the stuff piled up at the street curb and teams will be along to haul it to the dumping ground where it will be burned. The back yards, barns, etc., should be thoroughly overhauled and nothing that is deleterious to health or unsightly to the eyes should be left on the premises. Let our little "city beauty" surpass herself in this annual clean-up campaign.

—J. J. McCaslin of Pleasantville, known all over this part of the country as "Pard" McCaslin, is expected home from Corry in a short time. Mr. McCaslin was suffering with a cancer of the lip and went to Corry for treatment. It is stated that the cancer has been removed and without the aid of the knife.
—The latest cut in the price of Pennsylvania oil has sent the market down to \$2.00. The impression is pretty general that it will not go below that figure, but just why it should not, since one-fifth the price was knocked off in less than two weeks, nobody seems able to say. Perhaps in this case "the wish is father to the thought."
—A. K. Daniels, the new owner of the mantel factory buildings, has plowed up the surrounding plot of ground and intends putting in a crop of corn or potatoes the coming season. While this destroys the place as a baseball field, it may serve in a measure to reduce the high cost of living in Mr. Daniels' family should he succeed in bringing forth a good crop of tubers and other garden truck, while the boys will be compelled to hunt up other grounds for their base ball sports.
—Funeral services over the remains of 12-year-old Emma Snyder, daughter of Mr. and Mrs. Gottlieb Snyder, were held Sunday at the home of the parents at Rocky Grove, a suburb of Franklin, and were attended by several hundred friends. The child was of unusual size, weighing 450 pounds, and it was necessary to have a casket made to order, its outside dimensions being 6 feet 4 inches long, 3 feet 8 inches wide, and 24 inches high. Ten pall-bearers were necessary to handle the casket.
—In March 127 wells were completed in the division composed of Allegheny, McKean, Potter, Warren, Elk, Venango, Clarion, Forest, Mercer, Jefferson, Armstrong and Lawrence counties. The new production amounted to 299 barrels. This was a decrease of 35 in completion, and a decrease of 113 barrels in new production. Thirteen dry holes and seven gas wells figured in the completions. New work at the close of the month amounted to 116 rigs and 170 drilling wells a total of 295. The net gain was 61.
—The City Fruit store is stocked up bigger than ever with the finest tropics afford, and the abundance of tempting fruits and vegetables which you will find there is a veritable revelation and a feast to behold. Asparagus, head lettuce, cabbage, celery, new sweet potatoes, onions old and new, egg plant, new turnips, and a host of other things in the vegetable line. Another in-vice of those large juicy strawberries, and excellent grapefruit. On Saturday afternoon Mr. Cohen will sell 12 pine apples for \$1.00, 8 dozen lemons for \$1.00. The finest oranges on the same lines. Come with a rush and get the choicest.—adv.
—The Sabbath school convention under the auspices of the Oil City district of the Free Methodist church, which began Thursday evening in the Tionesta F. M. church and continued over the Sabbath was a decidedly successful event, there being a large attendance of ministers, delegates and lay members present from all parts of the district. The matters discussed at the several sessions covered a wide range of subjects closely allied to the church and Sunday school and proved very interesting and instructive to those in attendance. Sunday afternoon Bishop J. P. Broadhead, in charge of the church's mission work in Africa, gave a fine address on the cause as it is progressing on that continent. The Presbyterian church in which this meeting was held was filled to its capacity to hear this able minister's discourse. A freewill offering amounting to upward of \$300.00 was taken at this meeting.
—A remarkable official publication on the Panama-Pacific International Exposition is ready for circulation, and it is announced that its distribution throughout the world will be made by the Remington Typewriter Company. The interesting of such a function to a private business house is a new departure in exhibition management. This action has been decided upon by the Committee having the matter in charge, because the Remington Type writer Organization, with its six hundred and fifty-eight offices covering every continent and country on the globe, is the best available agency through which to make the distribution. The handbook is distributed free to those interested, and a copy may be obtained for the asking. Address the Remington Typewriter Co., 102 Sixth St., Pittsburgh, Pa. The pamphlet is really a wonder in artistic beauty and should be on every center table.
—When the Tionesta Presbyterian church was built in the early '50's, a choice communion service was purchased in Boston by Mrs. Susan Hardy and donated to this church. But as it was a double service, and the congregation was comparatively small, but one was used. The other became the property of Mrs. H. H. May, whose husband was a nephew of Mrs. Hardy, and it was Mrs. May's request, before her demise, that the service be given to the Free Methodist church of this place. Last week this service was carried out by her daughters, Mrs. A. B. Kelly and Mrs. Sule M. Sharpe, and the service was presented to that body of people and used for the first time Sabbath morning during the district quarterly meeting. It may be of interest to note that Mrs. Hardy, who was deeply interested in missions, was the foster mother of Joseph Hardy Neeseema, the first Christian convert of Japan to be brought to America.
—The closing meeting of the Tionesta Reading Club for the year 1914 was held at the pleasant home of Mrs. A. B. Kelly, Wednesday afternoon, April 22, at 2:30 o'clock, all the members being present except four. An interesting program was carried out, five very good and instructive papers being read, as follows: Mrs. Clark on Pennsylvania Laws for Women, Mrs. Adams on Government of Canada, Mrs. Gaston on Juvenile Courts, Mrs. Sharps on Folklore and Folklore, and Mrs. Watson on Socialism. The club decided on miscellaneous topics for the coming year. The hostesses, Mrs. Kelly and Mrs. Sharpe, served elegant refreshments. The following officers were elected for the ensuing year: President, Mrs. George Holeman; first vice president, Mrs. J. J. Landers; second vice president, Mrs. J. F. Proper; secretary, Mrs. Joseph Clark; treasurer, Mrs. L. J. Hopkins; librarian, Mrs. G. G. Gaston; press superintendent, Mrs. Sule M. Sharpe.

—The family and many Tionesta friends of Dr. J. C. Dunn are rejoiced to learn that he is progressing nicely toward recovery from a critical operation which he underwent at St. Mary's hospital, at Kansas City, Mo., on Monday last week. Dr. Dunn has been practicing his profession at Bartlesville, Okla., the past year and is already well established as one of the city's leading physicians. His illness was evidently of sudden development as friends here had not been made aware of it until after he had reached the hospital and submitted to the operation, which was made imperative by the nature of his ailment.
—Before the final adjournment of court here last week, District Attorney Carringer asked the court's approval of his appointment of J. S. Carmichael Esq., of Franklin, as assistant district attorney in the trial of George and Ada Strain on the charge of killing Albert Allen, near Hunter's Camp, Harmony township, on the second of last March. Judge Hinckley promptly gave his approval to the appointment. The commonwealth's attorneys have given out no statement whatever as to their intention or contention in this case, and rumors published in newspapers outside the county to this effect are mere bores. Attorney A. C. Brown represents the defendants, and will be assisted by Breen & Green of Oil City. The trial will come up at the May sessions, a week from next Monday.
Successful Commencement Exercises.
The senior class of the Tionesta high school, 1914, celebrated the completion of the course of study as prescribed by the board of education and department of public instruction, on Friday evening, May 1st, in the court house. The court room, which was handsomely decorated with ferns, evergreens and the class colors of maroon and blue, was crowded to its utmost capacity by admiring relatives and friends.
Promptly on the stroke of eight the members of the class marched to their places to the strains of music furnished by the Lantz orchestra of Oil City. Each one of the class acquitted himself or herself in a manner of which he or she may justly be proud and in a way that does credit to the teachers under whose direction this exercise was prepared.
Following the invocation by Rev. H. Lee Dunlavy, and music by the orchestra, Miss Edith Shaffer, a most promising young lady of Tionesta township, posed as the optimist of the class and depicted the bright side of life on the topic that "Every Cloud Has a Silver Lining." The second performer, Mr. Forest E. Werz, selected as his theme the famous poet, Robert Louis Stevenson. To quote from his oration in the words of the famous author: "To know what you prefer, instead of humbly saying amen to what the world tells you ought to prefer, is to have kept your soul alive."
The third topic on the program was "Jane Addams of Hull House," which was discussed by Miss Esther Jamieson of Tionesta Boro. This subject was well discussed in a manner characteristic of the performer, amiable, good-natured and with a friendly smile to welcome each event.
"Great Engineering Feats" was discussed by Mr. Arnold K. Henry, in which he compared the vast engineering feats of the past, only to be outstripped by those of the present, giving a short description of America's latest attempt and successful completion of the task which has brought the east in close communication with the west.
"There Was a Woman in It," was the theme of Miss Marjorie Carson, who related the incidents of history which have made the woman's work famous. She enlisted the sympathy of the audience by narrating the achievements of Joan of Arc, Florence Nightingale, of Clara Barton and the Red Cross, and of Frances E. Willard.
Miss Zella Decker followed as the sixth speaker of the evening and discussed the question, "Grandmother's Ways and Ours," in which she showed the wonderful progress made by invention which lightens the load of household drudgery.
"Follow the Gleam" was the topic of the next speaker, Mr. Linas Ledebur, who gave a splendid oration, quoting freely from the poets who have voiced similar sentiments in sublime thoughts.
The prophecy was given by Miss Edith Arner, who told her experience of twenty years hence in a most humorous manner, locating each of her classmates in their chosen work, which their characteristics in school life indicated. Their vocations all seemed to be pleasant ones and the speaker closed in a manner sincere when she said: "Merely a dream, I hear you say, but psychologists say that dreams are significant, so who can tell but that my dream may be a true omen of my classmates."
The valedictorian, Mr. Raymond B. McWilliams, completed the exercises on the part of the graduates by giving the farewell speech for the class of 1914.
After the presentation of diplomas by Prof. L. P. White, in a short but very pleasing talk, the class address was delivered by Rev. W. S. Mitchell, pastor of Grace M. E. church of Oil City. His subject, "The Life That Wins," bristled with good points, especially applicable to the members of the graduating class.
Prof. F. W. Gill of Tidoute, who happened in near the close of the exercises, was called upon for a speech, and in his usual happy tongue gave the class some excellent advice for their future guidance and conduct. The members of this class were just entering upon their high school course when Prof. Gill resigned as principal of our school to accept a similar position in Tidoute.
Notice To Teachers.
The board of directors of the Kingsley township school district will meet at Kellestville, Pa., Saturday, May 16, 1914, at 9:00 a. m., for the purpose of electing teachers for the ensuing school year. Candidates should forward their applications and credentials to the undersigned, at Kellestville, prior to that date.

—Mrs. Wm. Lawrence left Tuesday noon for Vinia, Oklahoma, having received word that her son John, who is employed in an oil refinery there, had received a fractured knee cap in a fall one day last week. No particulars of the mishap were given, further than that John was confined to his bed with his leg in a plaster cast and that it was expected he would be laid up for about six weeks.
Engagement Is Announced.
Friends here have received announcements of the forthcoming wedding of Miss Maude Grove and Mr. Leo Gibson, both of Jamestown, N. Y., which happy event is to be celebrated during the last week in May. The bride-to-be was a former resident of Tionesta and deservedly popular with all who knew her. Mr. Gibson is also well known to our young people as a visitor here, and their many friends will be pleased to extend congratulations in advance.
The Jamestown Morning Post of May 1st says: "Mr. and Mrs. W. W. Grove of Columbus, O., have announced the engagement of their daughter Maude to A. Leo Gibson of this city. The betrothal was made known Monday evening at an informal dinner at the Grove home, East State street, in Columbus, to which a few friends were invited. From the place cards narrow pink ribbons extended to a basket in the center of the table which was filled with pink roses. In this basket were boutonnières for the men and corsage bouquets for the ladies. The tiny cards having the announcement were concealed beneath the flowers until all had finished. The wedding will take place the last of May here in Jamestown at the home of Mr. and Mrs. Grove, Columbus being only a temporary home."

Superintendent Carson Re-elected.
The school directors of Forest county met in convention at the court house, Tionesta, yesterday and unanimously re-elected J. Orr Carson superintendent of schools for the ensuing term, which, by the new school code has been extended to four instead of three years.
The convention proceeded to organize at 1:30 o'clock, p. m., by electing Dr. C. Y. Datar of Kellestville, president; Leo F. Keating of Marienville, secretary; Mrs. Eleanor C. Wheeler of Endeavor, and Miss Leona Bowman of East Hickory, tellers.
In a few well chosen words, W. C. Imel of Tionesta presented the name of Mr. Carson to the convention as a candidate, and there being no other names presented the roll was called, the directors expressing their choice as their names were called. There were 36 of the 45 directors of the county present, and every member named Mr. Carson, making him the unanimous choice of the convention.
At the conclusion of the voting the president announced the result and declared Mr. Carson elected. The convention then voted unanimously to fix his salary at \$1,500 per year.
Mr. Carson being present was called upon for a speech, and he responded with some excellent advice to the directors, after thanking them for the honor of a unanimous re-election to the most important office of county superintendent. Hon. A. R. Mechling also gave the convention a short speech full of good suggestions and encouragement, as did also the president, Dr. Datar. The convention then adjourned after a session lasting less than an hour. Following is a list of the directors present:
Barnett Twp.—S. W. Fitzgerald, E. A. Kuhns, Chas. Moore, A. R. Mechling, Samuel Boyd.
Green—Fred. Dickrager, I. H. Allison, E. J. Behrens, Ira Brooks, John Whitton.

Forest County Four-Fifths Dry.
Four of the five applications for liquor license in Forest county were refused last week when the court, President Judge Hinckley and Associates Aul and Morgan, handed down their decision Thursday afternoon at 2:00 o'clock. The contest lasted from Tuesday afternoon till Wednesday evening, closing with the arguments of counsel for and against the applicants, and much testimony bearing on the matter of necessity, violations, etc., in Tionesta and West Hickory. Only a general remonstrance was presented from Marienville and the one application refused at that place was the New Marien hotel, J. J. Young, proprietor, on the ground that the applicant had been warned last year that the court would not grant him a license this year. There being no evidence presented against L. W. Dana of the Keystone Hotel showing violations, his application, the only one in the county, was granted.
The other applications refused were those of Emma S. Pierce, Hotel Weaver, R. A. Fulton, Central Hotel, Tionesta, and H. S. Caulfield, Globe Hotel, West Hickory. No written opinion was handed down, Judge Hinckley stating that the licenses were not refused on the ground of a lack of necessity, but rather because of evidence of violations of the law which the court could not ignore. The testimony at the hearings related to the sale of liquor to minors and to others in the prohibited class. The Judge added that a refusal at this time would not prejudice the rights of the same applicants at a future license court.
All licenses expire on June first next, so that after that date the county will be four-fifths "dry."

The four young ladies who comprised the first graduating class of this school did justice to themselves in every respect. Their subjects were well selected and entirely appropriate to the occasion, and the manner in which they were given showed careful preparation by them and their instructors.
The church was beautifully decorated with house plants and evergreens, pennons and flags.
The address of the evening was given by Rev. Dr. W. P. Murray of the Trinity church of Oil City, whose talk on the subject of "Masters" was a treat to the audience as well as a fitting admonition to a class of young people who are about to battle with the real problems of life.
From the account given the RECURRENT extends congratulations to these young ladies for their successful school career, with best wishes for their future.
